

# Medicare Part D can be overwhelming.

As your local, Aberdeen Medical Center Pharmacists, we're here to provide you with the information you need to not only understand the plans in front of you, but also to make the best decisions for **YOU** and **YOUR** health.

All three of our Aberdeen pharmacies are equipped with trained staff members to provide you with a **FREE** annual Medicare Part D plan review.

**Medicare Part D Open Enrollment: Oct. 15<sup>th</sup> - Dec. 7<sup>th</sup>**

## *What's most important when selecting a plan?*

Finding one that:

1. Covers all your prescriptions
2. Is custom-fit to your medications and health needs
3. Allows you to choose your pharmacy
4. Saves you money

## *Why ask for a pharmacist's help?*

**Plans change every year**

Between updates in copays, formularies and premiums, it can be a lot to decipher. It is vital to review plans each year, so why not review them with an expert?

**From a medication profile perspective, we know you better than anyone.**

We know your prescriptions, their cost, potential cost alternatives, and most importantly we understand the pharmaceutical side of insurance. This allows us to knowledgeably distinguish between plans to help you make an informed decision.

**Once you have all the information, it's your decision!**

Once the review is complete, you're provided some choices to consider, but we don't try to steer you towards one plan or another. Our only goal is to give you reliable information, the rest is up to you.
